It has been running on Win 7 -> 8 -> 8 1 before, and I can remember that there was a toggle/switch to turn on/off the bluetooth like the one in the charms bar for WiFi: But I cannot remember in which version I had the possibility to turn bluetooth on/off.. Free Driver UpdatesIf your driver isn't working, use the driver having the same OEM with the your laptop/desktop brand name.. So I am very thankful for any help!. I have searched for the same problem in general and with my bluetooth device, but found no helpful thread.
